

ACTION VERBS

You might find many verbs being repeated in the videos but it does not matter because the children need a lot of practice. They can say 3, 4 or 5 of the words they already know while doing the actions e.g. a child comes up and says: eat/drink/sleep.

Another child could do: run/walk/jump.

Later on, this can be done with new words/phrases they learn.

ACTIVITY & TALK TIME

Empty space for activity and talk time.

- While a video is playing, a child could stand with his/her back towards the screen and do the actions for the phrases he/she hears.
- Give the children turns to do some actions. Let the others call out the words.
- After the children have watched a video a couple of times, pause after an action word/phrase and let the children use it in a sentence for e.g.

play

I play with my friends.

watch TV

I watch TV in the evening.

Use it in a question:

fly a kite

Can you fly a kite?
