What is it?

It's a cat/dog/fish/frog/goat/horse/mouse/panda/tiger/fox.

Get the children to make sounds /do actions (move arm like a trunk/hop like a frog/move hands to show fish swimming) so that the others guess which animal it is.

You could mute the video and say wrong names and get the children to say the correct names.

Say: *'It's a lion'* when the picture of the tiger comes on the screen.

Get the children to say *'No. It's a tiger'*.
