Help the children frame simple sentences about vegetables.

They could use words like *small/big/round/long* and colours to talk about them.

Give them these examples from the rhyme:

Potatoes are round and brown.

Peas are small and round.

Fruits and vegetables are good for health.

Wash fruits and vegetables before eating them.

If there are pictures, children could ask and answer:

What is this? / What are these?

They could also ask their classmates:

What fruit /vegetable do you like?

The child who is answering, could pick up a picture of a fruit/vegetable and say the name.
